**Level above which ground is expected to be frozen/snow is expected to settle.*

Meteorologist's View

Winds will be light and variable throughout the day, so the above directions should not be taken too literally. The sun will produce moderate to high levels of UV at this time of the year, so sun cream will be required, especially through the afternoon.

Forecast for Tuesday 03 May 2022

Weather: Some valley mist and low cloud at first on Tuesday. Otherwise and fine day with sunny spells and an isolated afternoon shower possible.

Maximum wind: Generally variable with a max of 10-15mph.

Chance of cloud-free hill tops above 800m: 90%

Low Cloud and visibility: Some patchy low cloud at first with a little valley mist soon lifting. Otherwise, cloud free tops and good visibility.

Temperature:
Valleys: 14 C
At 800m: 5 C increasing 7 C
Freezing level: Above the summits
